PLAN NEW HOUSING PROJECTS

SIX-YEAR PLAN PROVIDES FOR NEW HOUSING -- Trybuna Ludu, No 221, 13 Aug 49

The Six-Year Plan provides for the construction of 660,000 new rooms and repair work on 5 billion old rooms. In Warsaw 170 houses have been approved for repair work. This will be covered by the State Housing Fund and by a subsidy from the State Council. The latter will also provide sewage and plumbing in Praga. Applicants for repair work in Warsaw are carefully investigated by party committees in collaboration with Trade Unions and People's Councils. Prospective tenants will be selected according to their worth in the community.

HOUSING SETTLEMENT STARTED IN PRAGA -- Trybuna Ludu, No 221, 13 Aug 49

A new housing project recently started in Praga will consist of four residential blocks along Cyryla i Methoda, Jagiellonska, Ratuszowa, and Targowa streets. The total cubic volume will be 46,000 cubic meters. Prefabricated concrete units, to be used exclusively, will be supplied by the SPE (Spoleczne Przedsiębiorstwa Budowlane) concrete plant, the plant on Inflakow Street, and by the concrete plant to be erected on the site. The blocks will be built of light concrete not requiring outside plastering.

These blocks are a part of a large housing project to extend along Jagiellonska Street to Golezdzinowo, and on the east to 11 Listopada Street. The project is being planned in connection with a large passenger-automobile plant to be built at Zeran.

NEW HOUSING SLATED FOR MOKOTOW -- Rzeczpospolita, No 221, 13 Aug 49

The new housing project will be started next week at Aleja Niepodleglosci 82-86 in the Warsaw suburb of Mokotow. It will consist of six large blocks of six-story structures. Two blocks will be entirely new; the other four will be rebuilt with prewar reinforced concrete. The settlement will be ready for occupancy in 1950; its cubic volume will be 84,000 cubic meters. It will contain several dwelling units.
